DEPARTMENT OF BOTANY

## REPORT

As we have taken the B.Sc 2<sup>nd</sup> semester students as per the Linkage with Range Forest Office Govt of Karnataka Bidar at Forest Nursery village Shahpur TQ and Dist Bidar on 27/8/2022 and we have conducted the following activities along with the forest officials. The forest officials explained in detail about the how to create the saplings and also the plantation.

- 1) Preparation of the soil with farm yard manure
- 2) Preparation of soil with vermin compost
- 3) Preparation of the pots along with soil
- 4) Transformation of the saplings from polythene bag
- 5) Transplantation of sapling into soil
- 6) watering of saplings
- 7) Maintenance of saplings in green house, poly house and shaded places
- 8) Transportation of saplings to the various places during the rainy seasons

Thanks to the forest officials for their co-operation and support.
