Dr.C.B.Patil orthodontist S.B.Dental College, Bidar, delivered talk on orthocare, during Tobacco Cessation Programme.

Dr.Siddanagouda Sir, has presented talk on Tobacco cessation

2021-2022 MOU ACTIVITY REPORT

REPORT

Name of the activity : "Tobacco Cessation Programme & Health checkup Camp"
Name of the department : Zoology
Name of the Chief Guest : Dr. Shailendra Mashalkar
Number of Students attended : 63
Activity conducted on : 25/07/2022

Department of Zoology, **Karnatak Arts, Science & Commerce College** Bidar conducted a MOU activity with **S.B Patil Institute for Dental Science & Research, Bidar.**

Importance of Tobacco Cessation Programme & Health checkup Camp:

- ❖ A comprehensive tobacco control programme (including awareness and well-informed youth activism) is needed to reduce and restrict the youth from tobacco use.
- ❖ A comprehensive ban on tobacco advertising (direct and indirect) is essential to prevent the youth from associating smoking with their role models.
- ❖ Raising the prices of tobacco products, through taxes, and increasing the sizes of the packages are the most effective ways of preventing the youth from initiating use, as they are highly price sensitive.
- ❖ School-based programmes should adopt a comprehensive intervention approach and ensure that the modes of communication are suitable to the targeted groups characteristics.
- ❖ The youth, especially school students, should be encouraged to get involved in anti-tobacco advocacy and discuss policy issues related to tobacco control. Schoolteachers and parents should also be involved in these initiatives.
- ❖ The camp included dental awareness talk, educating students about common dental ailments — especially stressing on tooth decay and gum diseases — and the measures used to prevent them. The students were made aware about the eating patterns and food choices which can lead to tooth decay.
- ❖ The students cherished the chance to interact with the dentists to enquire and gain knowledge about their oral health and maintaining good oral hygiene.
