**Add-on course on Ethnobotany
2018-19**

Course Co-ordinator

Dr. M S Patil
Associate Professor
Department of Botany

Date: 27/7/2019

To,
The Principal
Karnataka Arts, Science and Commerce College Bidar

Sub: Request to grant permission to start add-on course on Introduction to Ethnobotany from the academic year 2018-19:

Respected Sir,

We would like to start the add-on course on "Ethnobotany" from the academic year 2018-19 with intake of 30 students. Please permit us to start the add-on course and do the needful.

Thanking You.

Permitted.

Meeting Minutes for Institutional Board of Studies for Add-on Course on Ethnobotany held on 10 September, 2018

The institutional Board of Studies of the Dept of Botany for the add-on course on Ethnobotany held on 10 September, 2018 in IQAC Room at 10:30 am.

Sl No.	Name	Affiliation	Designation
1	Dr. M S Patil	Associate Professor & Head Department of Botany, KASCC, Bidar	Chairman
2	Sri. D G Joshi	Associate Professor Department of Botany, KASCC, Bidar	Member
3	Smt. Pooja Suryawanshi	Asst. Professor Department of Botany, KASCC, Bidar	Member
4	Dr. S B Mashetty	Associate Professor Department of Chemistry, KASCC, Bidar	Member

In the beginning of the meeting the Chairman of the BOS Dr. M S Patil welcomed all members and briefed them about the academic activities of the Department of Botany. The members expressed their highly appreciation and satisfaction about the activities of the department.

After that institutional BOS discussed and resolved the following items:

Item 1. Starting of the add-on course on Introduction to Ethnobotany.

The BOS discussed the item and resolved to start the add-on course on Ethnobotany.

Head of the Dept. of Botany
Karnataka College, BIDAR

PRINCIPAL
Karnataka Arts Sci. & Com. College
BIDAR-585401

Item 2. Approval of the Syllabus for add-on course.

The BOS discussed and approved the syllabus for the add-on course on Ethnobotany.

Item 3. Approval of admission criteria

The BOS discussed and approve the criteria for admission and resolved that any students enrolled in UG course can enrol in this course. In addition to this BOS also finalized the exam pattern.

Meeting of the BOS was concluded with the vote of thanks by Smt. Pooja Suryawanshi, Assistant Professor in Department of Botany.

The following members were present in the meeting:

Name of the Member of BOS

Add-on course on Ethnobotany

Preamble: An add-on course in ethnobotany examines the underlying connections between plants and indigenous and traditional civilizations in the Hyderabad region of Karnataka. The course covers the development of indigenous and traditional plant uses throughout history in relation to culture, as well as how contemporary scientific approaches to ethnobotanical research are revealing novel and fascinating uses for plant materials. The numerous types of plant use, the value of traditional knowledge to Indian culture, and the function of plant conservation and cultural sustainability will all be explained through case studies of the local plants and their application in disease healing, as appropriate.

Objectives:

- Describe how the science of ethnobotany is used to comprehend how plants and indigenous/traditional cultures in the Hyderabad, Karnataka area interact.
- List the main categories of plant use by indigenous/traditional peoples and identify how plant value depends on cultural context, both material and spiritual.
- Describe how botany and biochemistry are used to identify and understand the ethnobotanical value of a given plant species. Develop the skills and methods used to collect, classify, and preserve plant materials.
- Give examples of how traditional plant knowledge obtained from ethnobotanical studies has been utilized in the current day, along with the advantages and disadvantages of doing so.

Medium of Instruction: English

Course Structure and Examination Scheme:

Total contact hours: 30 Hours

Mode of Examination:

MCQ Exam: 50 Marks 25 Questions of 2 Marks.

Eligibility: Students enrolled in B Sc (CBZ)

No. of Seats: 35

Add-on Course on Ethnobotany

Syllabus

Unit 1. Origin, botany, utilization, cultivation and uses of plants: food, forage and fodder crops; fibre crops; vegetable oil-yielding crops; timber-yielding plants; non-wood forest products (NWFPs) such as bamboos, rattans, raw materials for paper making, gums, tannins, dyes, resins and fruits

Unit 2. Indigenous and Traditional Knowledge:Plants used by ethnic groups as food, medicines (Ethno medicine), beverages, fodder, fibre, resins, oils, fragrances and other uses. NWFP (Non Wood Forest Produces), animal products, minerals, artefacts, and rituals, used by Tribal and Folk Communities of Kerala. Traditional/indigenous knowledge and its importance.

Unit 3. Ethnobotany and legal aspects: Ethnobotany as a tool to protect interests of ethnic groups. Sharing of wealth concept with few examples from India. Biopiracy, Intellectual Property Rights and Traditional Knowledge.

Subject: Botany

Duration: 60 minutes

Max. Marks: 50

Instructions to the candidate

1. The paper consist of 25 multiple choice questions with 4 answers. Before starting to answer the question, verify whether you got correct test paper and test paper contains 25 questions with answer.
2. Each question has four alternative answers A,B,C and D. The correct answer has to chosen only one and you have to tick(right) the answer.
3. The candidate shall use only blue or black pen
4. There is no negative marking for the incorrect answer
5. If the candidate wishes to leave the examination during middle of the examination, he will not be allowed to take the test paper with him.
6. A candidate is forbidden from carrying a mobile phone, calculator or any other electronic device into examination hall. In case accidentally a candidate has brought any of such things, he shall hand it over the room supervisor before the commencement of examination and collect it back after the completion of examination.
7. **In case candidate is found to process any such devices, he will book under the Malpractice case**

I. Tick the correct statement

1. The term ethnobotany was coined by.....?
 - a) Sir Alexander flaming
 - b) John W Harshberger
 - c) C J Alexocplous
 - d) J W Webster

2. Father of Ethnobotany
 - a) Dr. Schultes
 - b) J.C Bose
 - c) Theophrastus
 - d) Adolphe-Théodore Brongniart

3. The word 'Ethno' in ethnobotany refers to
 - a) Region-locality-people
 - b) culture
 - c) Civilization
 - d) All of the above

4. Study of cultural awareness of biological resources is called
 - a) Ethnobotany
 - b) Botany
 - c) Medico botany
 - d) Medicoethano botany

5. Ethnobotany deals with...
 - a) Plants and animals
 - b) Plants and people
 - c) Plants and herbs
 - d) herbs and shrubs

6. The data utilized by Economic botanist for discovery of new plant source is called

- a) Medical data
 - b) Ethnobotanical data
 - c) Taxonomic data
 - d) All of the above
7. TBK Stands for
- a) Traditional Botanical Knowledge
 - b) Traditional Biological Knowledge
 - c) Traditional Basic Knowledge
 - d) None of the above
8. Ethnobotanical data helps us in preserving plants in
- a) Botanical garden
 - b) Herbarium
 - c) Arboratum
 - d) None of the above
9. Cotton, wool, silk are examples of.....
- a) Plant fibres
 - b) Animal fibres
 - c) Natural fibres
 - d) Synthetic fibre
10. Which of the following part of cinchona tree is used to treat malaria?
- a) Root
 - b) Bark
 - c) Leaves
 - d) Seed
11. The part of the plant that can be used for the toothache?
- a) fennel
 - b) clove
 - c) fenugreek
 - d) poppy seed
12. Common name withenia sominifera
- a) Ashwagandha
 - b) sougandha
 - c) berry plant
 - d) sarpagandha

13. Secondary metabolites present in vinka rosea?
- Alkoloides
 - Vinblastin and vincristine
 - Flavanoides
 - Terpenoides
14. Expand NWFP.....
- National wood forest product.
 - National welfare forest policy
 - Non wood forest product
 - Non wood forest policy
15. Products consist of goods of biological origin other than wood, derived from forests are called....
- Wood product
 - Forest product
 - Medicinal product
 - Non-wood forest product
16. a community or population made up of people who share a common cultural background or descent are called
- Ethnobotany
 - Ethnomedicine
 - Ethnic groups
 - Ethnology
17. Which NWFP is used as artefacts in kerala
- Coir products
 - Timber products
 - Resins
 - Gums
18. The triable communities have been employing several plant and animal products for the preparation of medicines are called
- Plant medicines
 - pharmacognocny
 - ethnomedicie
 - None of the above

19. Biopiracy is
- Use of Biopatents
 - Theft of Plants and animals
 - Stealing of bioresources
 - Exploitation of bioresources without authentic permission.
20. Biopiracy is related to
- Traditional knowledge
 - Biomolecules and Bioresources
 - Isolated genes from bioresource
 - All of the above
21. Expand IPR
- Internal property rights
 - International property rights
 - Integrated property rights
 - Intellectual property rights
22. The oils obtained from plants do not evaporate or become volatile, and are such called?
- Fixed oils
 - Delicate oils
 - Costly oils
 - None of the above
23. Which wood is quality wise is considered the best for paper making?
- Wood with long fibre or Xylem tissue
 - Wood with short fibre or xylem tissue
 - soft wood
 - Hard wood
24. Plants that yield fibres occupy place of importance to food plants?
- 1st
 - 2ND
 - 3RD
 - 4TH
25. Which of the following plants are worshiped in India and elsewhere?
- Peepal
 - Tulsi
 - Odon dactylon
 - all of the above

8. Ethnobotanical data helps us in preserving plants in ✓
- a) Botanical garden
 - b) Herbarium
 - c) Arboratum
 - d) None of the above
9. Cotton, wool, silk are examples of..... α
- a) Plant fibres
 - b) Animal fibres
 - c) Natural fibres
 - d) Synthetic fibre
10. Which of the following part of cinchona tree is used to treat malaria? ✓
- a) Root
 - b) Bark
 - c) Leaves
 - d) Seed
11. The part of the plant that can be used for the toothache? ✓
- a) fennel
 - b) clove
 - c) fenugreek
 - d) poppy seed
12. Common name withania sominifera ✓
- a) Ashwagandha
 - b) sougandha
 - c) berry plant
 - d) sarpagandha

13. Secondary metabolites present in vinka rosea? 
- a) Alkoloides
 - b) Vinblastin and vincristine
 - c) Flavanoides
 - d) Terpenoides
14. Expand NWFP..... 
- a) National wood forest product.
 - b) National welfare forest policy
 - c) Non wood forest product
 - d) Non wood forest policy
15. Products consist of goods of biological origin other than wood, derived from forests are called.... 
- a) Wood product
 - b) Forest product
 - c) Medicinal product
 - d) Non-wood forest product
16. a community or population made up of people who share a common cultural background or descent are called 
- a) Ethnobotany
 - b) Ethnomedicine
 - c) Ethnic groups
 - d) Ethnology
17. Which NWFP is used as artefacts in kerala 
- a) Coir products
 - b) Timber products
 - c) Resins
 - d) Gums
18. The triable communities have been employing several plant and animal products for the preparation of medicines are called 
- a) Plant medicines
 - b) pharmacognocny
 - c) ethnomedicie
 - d) None of the above

19. Biopiracy is ✓
- a) Use of Biopatents
 - b) Theft of Plants and animals
 - c) Stealing of bioresources
 - ✓ d) Exploitation of bioresources without authentic permission.
20. Biopiracy is related to ✓
- a) Traditional knowledge
 - b) Biomolecules and Bioresources
 - c) Isolated genes from bioresource
 - ✓ d) All of the above
21. Expand IPR ✓
- a) Internal property rights
 - b) International property rights
 - c) Integrated property rights
 - ✓ d) Intellectual property rights
22. The oils obtained from plants do not evaporate or become volatile, and are such called? ✗
- a) Fixed oils
 - b) Delicate oils
 - c) Costly oils
 - ✓ d) None of the above
23. Which wood is quality wise is considered the best for paper making? ✗
- a) Wood with long fibre or Xylem tissue
 - b) Wood with short fibre or xylem tissue
 - ✓ c) soft wood
 - d) Hard wood
24. Plants that yield fibres occupy place of importance to food plants? ✓
- a) 1st
 - ✓ b) 2ND
 - c) 3RD
 - d) 4TH
25. Which of the following plants are worshiped in India and elsewhere? ✓
- ✓ a) Peepal
 - b) Tulsi
 - c) Odon dactylon
 - d) all of the above

Report and Outcomes

Name of the Course: Ethnobotany

Name of the Department: Botany

Number of Student Enrolled: 30

BOS Meeting Date: 10 September 2018

Start Date of the Course: 5/11/2018

End Date of the Course: 5/2/2019

The Department of Botany have conducted add-on course on Ethnobotany for the students of B.Sc v Sem from 5/11/2018 to 5/2/2019.

The course was about the core concept of Ethnobotany plant preservation and traditional knowledge of use of plants in day to day life.

The total 35 students were enrolled in this course and they got fundamental knowledge about Ethnobotany, Plant species and their relations with local people and their lives. Students also applied these theories and concepts during the assignments.

Concourse concluded with final examination and certificate distributions.

Outcome of the Course

- Students Learned to describe how the science of ethnobotany is used to comprehend and how plants and indigenous/traditional cultures in the Hyderabad-Karnataka area interact.
- Students Learned about main categories of plant use by indigenous/traditional peoples and identify how plant value depends on cultural context, both material and spiritual.
- Students Learned to describe how botany and biochemistry are used to identify and understand the ethnobotanical value of a given plant species. Develop the skills and methods used to collect, classify, and preserve plant materials.
- Students learned about how traditional plant knowledge obtained from ethnobotanical studies can be utilized in the current day, along with the advantages and disadvantages of doing so.
