About:

The Department of Computer Science organized a Career guidance program to encourage students to learn about time management.

Mr. Rajshekhar Uppin, Senior Consultant, Capgemini India Private Limited, Bangaluru, delivered the lecture on time management and testing tools, which is something that some people struggle with whereas others are champions of productivity. No matter the case, to actually master it, you need to know how to do it. And the Internet is full of tips, tricks, and methods. But they may not always work. You have to find those proven and used by time management experts.

Time can be tricky. And so, it's important to know how to fit your work and daily activities into it. If you struggle with managing your work or want to experiment with your current methods, check out our list of the 15 most effective and proven time management techniques.
