Event Description:

This event was organized on 23/03/2022 at 11 am. It was conducted thought online i.e., via- Google Meet. This workshop explores and improves the experiences and potential of entrepreneurs, thus helping to make solid business plans. An entrepreneur is an individual who takes the risk to start their own business based on an idea they have or a product they have created while assuming most of the risks and reaping most of the rewards of the business.

The term startup refers to a company in the first stages of operations. Startups are founded by one or more entrepreneurs who want to develop a product or service for which they believe there is demand.

The event organizer is a co-founder of Gloverse lab, Udaipur. The motive of this event was to build the entrepreneurship quality among the students and provide guidance to those students, who are interested in business, and want to set Start-up.
