**About the event:**

NCC Units of Karnatak Arts, Science and Commerce College have actively participated and guided to common people in “11th National Voter’s Day” celebration towards achieving importance of vote in Indian democracy. Elections are the backbone of democracy. These institutions serve as a tool for communities to exercise their rights and entitlements in a democratic system. The process of voter awareness through the campaign has certainly helped even if in a small way to strengthen local governance. Voters were able to get the message of the need for good government to develop through visual and verbal methods. It helped in informed voting. The elected candidates were made accountable even before the elections. All member organization was able to build and extend the relationship with other organizations that were part of the campaign. The essence of true democracy was realized when people directly questioned their candidates. Candidates were able to internalize responsibility before & after the election. Apart from that, lots of common masses got to know about the roles & responsibilities. In the process of the campaign, a relationship was also built with the elected and other candidates who lost out in the elections.

**Impact/Outcome:** More than 360 villagers are have made aware importance of voting and unbiased voting.
