TRAINING AND PLACEMENT CELL

ABOUT

Karnatak Arts, Science & Commerce College, Training and Placement Department is providing the road map to success to the young dynamic youth. It is identifying the missing link and bridging the gap between institution and industry. The college provides ample opportunities to the students to portray their talents in the best way to get prospective jobs through recruiters. The current trends in the industry will be updated to the students by experts, professional consultants and proficient leaders from the industry by organizing lectures, seminars and workshops periodically. The students are equipped with soft skills such as personality development, oral and presentation skills, language and communication skills, workplace communication skills, computing skills, life skills etc. in order to showcase their ability with potential. The Emphasis would be on Training Specifically to Interview Etiquettes, Group Discussion, Body Language and so on.

Exploring New Horizons

Career awareness programmes are being organized every year to let students know how to find that in what areas they are good at, to give awareness to them with the current requirements of market and to let them know about Career Guidance is provided throughout the year as one to one and groups at a large, as a comprehensive, developmental program designed to assist individuals in making and implementing occupational choices. The students will develop to make mature and informed decisions to manage their careers. The guidance helps the students to reflect on their ambitions, interests, qualifications, and abilities.

Career Opportunities are identified for the particular job that may be a stepping stone to achieve the ambitions of the students. The placement cell provides a window of potential opportunities by helping the students to determine the tasks and to inculcate the greater sense of responsibility for identifying and managing their own career.

Mock Interviews are the ways to find the hidden talents of the students. The placement cell is conducting mock interviews every so often to help the students to reduce their anxiety about interviewing. This will help the students to boost their confidence. The students will perform a few dry runs before they actually appear for an interview. Internship: The Internship Offers would also be cascaded to the students and the best of the efforts would be taken in order to get the maximum internship offers to the Students. Best of the opportunities would be given to all the students and the outgrowth of the same could be reflected among our students where potential students grab offers to their credit. Our Students would receive plenty of opportunities and they would be continued until the candidate gets placed in a reputed organization. The Internship/Placement opportunities would be continued to be provided to them as they are our prestigious Alumni.

The functioning of the cell is highly appreciable by the students' community as it prepares students with competencies and employability skills to become a part of Fortune companies.

The cell has grown exponentially with the support and guidance of the Management. The Placement Cell is assisting all of the students in order to get the best output across each corner
